

GUYANA

Inchcape Shipping Services is present in Guyana, a rapidly emerging offshore and energy hub in the northern Atlantic. With significant offshore oil discoveries since 2015, Guyana has transformed into a key player in the regional energy market, driving increased maritime activity, FPSO operations, and offshore support services.

With a nationwide network and experienced local teams, we provide 24/7 responsiveness and seamless coordination across key maritime clusters, ensuring compliance, transparency, and operational efficiency for every port call.

Coverage & Scale:

- 7+ Ports Covered Nationwide
- 1 Offices: Georgetown
- 500+ Vessel Calls Annually
- 3+ Full-Time Employees

Why Inchcape Guyana?

- **Strategic Coverage:** Inchcape supports offshore operations and marine terminals in Georgetown, serving Guyana’s growing oil & gas sector.
- **Deep Local Knowledge:** Strong relationships with terminal operators, port authorities and government bodies
- **Global Standards:** Backed by Inchcape’s worldwide network, compliance framework and transparent reporting
- **Operational Expertise:** Our team is highly experienced in supporting offshore and oil & gas operations in Guyana, coordinating vessels and logistics for the country’s rapidly expanding energy sector.
